How to play bingo

Like Playing Games of Bingo on line In each game of bingo an advertiser or slate exists where the numbers are indicated that are leaving as well as the model or pattern game.

Model of Game

It is very important to pay attention to him to the game model. A game model is a figure that you must complete to gain he himself. Completing this figure you will win in automatic form.

The models have each one a different difficulty being some but easy ones to complete that others. The simplest models are those made up of air lines in one of the directions: horizontal, vertical or diagonal.

"Coverall" is the simple and traditional Bingo but where you must cover the complete card to be able to win.

Announced of Winning Numbers

The numbers that are leaving are announced quickly, generally do not happen more than 10 seconds between both, which forces the players to pay much attention to the salient numbers and to quickly mark them and with good precision in its cards or cardboards of bingo.

Although some biNgos or casinos online automatically mark to their cards as they are leaving the numbers, this is not most habitual since she loses part of the diversion of the game.

The Winner of the Game of Bingo

The game continues until there is a winner. He happens when one or more players sing "BINGO" when completing the cardboard or some of the mentioned figures.

When singing "BINGOOO", the game stops immediately and the numbers as well as the figure are verified. If there is a winner, the prize is granted to him. If there is more of a winner, the prize is divided between the winners in equal parts.

New Game

When beginning a new game, the new cards are chosen, a new model unfolds and begins the game.
